- Multiple User License (Global) €2475.00

Report description:

Analgesics remains the largest category in consumer health in Nigerian. Sales are expected to continue to rise in 2022 supported by strong brand positioning and consumer awareness. Other factors driving growth included affordability, widespread availability and a broad consumer base. The expansion of the Nigerian population, rising stress levels - due to accelerated modern lifestyles, and the growing youth consumer base are also playing a significant role in the development of the analgesics cat...

Euromonitor International's Analgesics in Nigeria report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2017-2021, allowing you to identify the sectors driving growth. Forecasts to 2026 illustrate how the market is set to change.
