### **Report description:**

Consumer credit continues to recover in 2022 after the strong decline witnessed in 2020 following the outbreak of COVID-19. Nonetheless, economic instability is slowing down new contacts and limiting contracted amounts as consumers are being advised to limit their spending and borrowing and to increase their savings off the back of escalating rates of inflation and rising interest rates. According to data released by the Bank of Portugal there is likely to be a reduction in household demand for...
