### **Report description:**

Sleep aids is expected to show fairly robust volume and current value growth in 2022. This is due to increased levels of stress and anxiety amongst local consumers, leading more people to be sleep-deprived and becoming frequent users of sleep aids. Consumers across all age groups are looking to address stress and insomnia, driven by pandemic-related lifestyle changes. Due to the shift to remote working during the pandemic, the increasingly blurred boundaries between work and life have led to inc...
