Report description:

Vitamins is set to record a dynamic current value rebound in 2022, after seeing a significant decline in 2020 and only slow growth in 2021, due to the absence of tourist spending. Growth in 2022 has been driven by increased interest in products that are believed to keep local consumers healthy. With tourists unable to come to Hong Kong, brands have shifted their strategies to tap into the domestic market, with local consumers now the main target. The impact of the COVID-19 pandemic has led to an...

Euromonitor International's Vitamins in Hong Kong, China report offers a comprehensive guide to the size and shape of the market at a national level.
