### **Report description:**

The performance of cooking ingredients and meals in 2022 was marked by the high inflation that had a strong impact on the purchasing power of the majority of the population. As the cost of living continues to soar, disposable incomes come under pressure as the vouchers granted to disadvantaged categories of consumers were suddenly unable to compensate them for the rapid growth seen in the price of the food, utilities and transportation that account for most of the cost of living in Romania. The...
