- Multiple User License (Global) €2475.00

Report description:

Despite growing unit prices associated with honey, this sweet spread is showing the fastest volume growth in 2022. This is primarily because of its natural status and its health properties since it is considered a viral prophylactic by Estonians. There is a long tradition of using honey in traditional cuisine in Estonia, but rising health concerns brought about by the pandemic has made it a more popular ingredient in recent years.

Euromonitor International's Sweet Spreads in Estonia report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2017-2021, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth. How key trends such as health and wellness, sustainability and recovery from the pandemic are shaping the market in <|Year|> directly informs our forecasts to 2026, clearly indicating how the market is expected to change.

Product coverage: Chocolate Spreads, Honey, Jams and Preserves, Nut and Seed Based Spreads.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
