Report description:

KEY FINDINGS

The Asia-Pacific ultrapure water market is anticipated to accelerate with a 7.86% CAGR during the forecast years between 2022 and 2030. The adoption of new technologies in the pharmaceutical industry and the prominence of leading semiconductor manufacturers in the region drive market growth.

MARKET INSIGHTS

The Asia-Pacific ultrapure water market growth evaluation entails the assessment of India, Japan, Taiwan, South Korea, China, and Rest of Asia-Pacific. Growth in the country's electronics industry is one of the major factors expected to contribute towards the growth of the ultrapure water market in South Korea during the forecast period. Also, the government of South Korea has announced a colossal investment in the semiconductor industry.

In May 2022, the government of South Korea stated that \$452 billion would be invested in chips by 2030, with the majority coming from private companies in the country. Such efforts will increase the production of semiconductors. Hence, such factors are estimated to impact the growth of the ultrapure water market in South Korea during the forecast period.

The ultrapure water market in Taiwan is expected to witness significant growth during the forecast period. The key factor responsible for the growth of the ultrapure water market is the further development of the electronics and semiconductor market in the country. Such factors are expected to further increase the demand and adoption of ultrapure water for the manufacture of different components of electronics and semiconductors. Hence, this is expected to promote the growth of the ultrapure water market in Taiwan during the forecast period.

COMPETITIVE INSIGHTS

Some key players in the market are Kurita, Thermax, Osmoflo, etc.

Our report offerings include:

- Explore key findings of the overall market
- Strategic breakdown of market dynamics (Drivers, Restraints, Opportunities, Challenges)
- Market forecasts for a minimum of 9 years, along with 3 years of historical data for all segments, sub-segments, and regions
- Market Segmentation caters to a thorough assessment of key segments with their market estimations
- Geographical Analysis: Assessments of the mentioned regions and country-level segments with their market share
