### **Report description:**

Retail value sales of cooking ingredients and meals registered vastly accelerated growth in current value terms in 2022, following a return to pre-pandemic lifestyles. The lifting of COVID-19-related restrictions saw a return of home entertaining, as consumers reverted to normal socialising patterns. Demand for cooking ingredients and meals via foodservice also increased substantially in 2022, continuing the trend established during the second half of 2021. Growth was bootied by a full recovery o...
