### **Report description:**

While overall demand for edible oils is positive in 2022, this is being hindered by inflationary pressures which are leading to higher current value growth. Edible oil seeds and other ingredients that are sourced from various international markets have been impacted by supply chain issues as a result of the war in Ukraine, combined with the recent fuel price increases, which have altered consumer spending habits. Although IFFCO Group remains the leading player in edible oils, modern grocery chain...
