### **Report description:**

Growth in retail volume sales of rice, pasta and noodles in Algeria has slowed in 2022, with all categories set to post poorer results in this respect than they did in 2021. This is partly due to the easing of the pandemic and the ending of associated restrictions, in that people have become less dependent on home cooking as they have started returning to the office and regularly socialising outside the home again in greater numbers. At the same time, with inflation rising dramatically due to a...
