### **Report description:**

As has been the case for many countries around the world, consumers in the United Arab Emirates are facing rising inflation, in addition to persistent concerns over their sources of income, placing pressure on their expenditure. As a result, purchasing power is being increasingly impacted as rising inflation drives up average unit prices across staple foods. Nevertheless, since most staple foods are perceived as essential for both home use and foodservice, volume sales are rising in 2022. Moreov...
