#### Report description:

As the impact of the COVID-19 pandemic gradually fades and life resumes a sense of normalcy, retail volume sales of sweet spreads are expected to continue to decline in 2022, after the unusual surge in sales seen in 2020 when consumers were stockpiling food and beverages in the early stages of the pandemic. With people returning to workplaces and foodservice establishments in full operation again, part of the retail demand for sweet spreads has shifted back to the foodservice channel. Retail val...
