Report description:

Description

Report Scope:

The report will provide an overview about the global chemical industry and ESG overview for chemical industry. Qualitative insights on ESG trends and its impact on chemical manufacturers are provided.

The detail analysis of chemical industry supply chain with respect to ESG is provided in the report. The detailed analysis of regulation for chemical industry is given in the report. Further, it explains the major drivers, retains as well as trends impacting ESG implementation across chemical industry. The report concludes with a particular focus on the key ESG service providers and includes detailed profiles of the major companies in the market.

Report Includes:

- An overview of the ESG (Environmental, Social, and Governance) aspects in the chemical industry
- Insight into the current trends in the ESG industry, growing regulatory guidelines, historical trends analysis as well as a market scenario in developed and developing economies
- Information on the market opportunities and challenges along with the ESG related developments in the chemical industry
- Discussion of factors affecting ESG implementation in the chemical industry
- Analysis of the overall supply chain of the chemical industry and its relationship with ESG

Executive Summary

BCC Research's goal for this study was to analyze the ESG trends in the chemical industry and evaluate the ESG implementation including current and future potential.

More precisely the study includes the below objectives -

- The report focuses on the ESG related developments in the chemical industry.
- To analyzed ESG related drivers and opportunities in the chemical industry.
- To determine and analyze factors affecting ESG implementation in the chemical industry.
- To analyze the overall supply chain of the chemical industry and its relationship with ESG.

The report utilizes various databases, including sustainability reports, annual reports, and other indicators used to develop the current market. The study provides detailed information on the main factors influencing ESG growth in the chemical industry. It enables the reader to understand the industry in general while also providing insight into the inter-relationship between ESG and the sustainable chemical industry. The report describes market growth, developing trends, industry leaders, and applications of ESG implementation in the chemical industry.

Reasons for Doing This Study

This report is designed to assist decision-makers in the chemical industry by providing background information to be considered during ESG implementation. In view of the dynamics of the global chemicals markets and the constantly changing regulatory framework conditions for chemical products, the determination of the most appropriate ESG analysis and investment becomes increasingly important.

This report examines the ESG framework for chemical companies to help companies and investors prioritize strategic movements. The presence of favorable government regulations in various regions and growing environmental awareness are factors that are creating unique market opportunities. This report analyzes these trends and their impact on the future of the chemical industry. The report focuses on the changing trends, market restraints, drivers and opportunities likely to drive ESG investment in the chemical industry.

Table of Contents:

Table of Contents

Chapter 1 Introduction

- 1.1 Study Goals and Objectives
- 1.2 Reasons for Doing This Study
- 1.3 Intended Audience
- 1.4 Information Sources
- 1.5 Analyst's Credentials
- 1.6 BCC Custom Research
- 1.7 Related BCC Research Reports

Chapter 2 Market Outlook

- 2.1 Introduction
- 2.2 Supply Chain of Chemical Industry
 - 2.2.1 Environmental Impact Caused by Chemical Industry Supply Chain
- 2.3 Chemical Industry Trade
 - 2.3.1 Trends Responsible for Reshaping the Chemical Industry
- 2.4 Value Chain Analysis
 - 2.4.1 Strategy to Generate Value From Sustainability in Chemical Industry

Chapter 3 Chemical Industry Environmental Impact

Scotts International. EU Vat number: PL 6772247784

tel. 0048 603 394 346 e-mail: support@scotts-international.com

www.scotts-international.com

- 3.1 Introduction
- 3.2 Regulatory Analysis
- Chapter 4 ESG for Chemical Industry
 - 4.1 Introduction of ESG
 - 4.1.1 Increasing Adoption of ESG Across Various Industries
 - 4.1.2 ESG Proposition in Five Critical Ways
 - 4.1.3 ESG Standards for Chemical Industry
 - 4.1.4 Surge in Investment for ESG Services
 - 4.1.5 ESG Investment by Key Players
- Chapter 5 Market Dynamic for ESG
 - 5.1 ESG-Driven Modernization in Chemical Industry
 - 5.2 ESG Drivers for Chemical Industry
 - 5.3 ESG-Related Challenges for Chemical Industry
 - 5.3.1 Regional & Global ESG Developments in Chemical Industry
- Chapter 6 Case Study
 - 6.1 ESG Case Study
- Chapter 7 Key ESG Players
 - 7.1 Key Players Offering ESG Services
- Chapter 8 Appendix: Acronyms
