Report description:

While bags and luggage are expected to register very high double-digit current value growth, constant value growth is expected to be much more muted. The reason for such high current value growth is that Turkey has one of the highest inflation rates in the world in 2022, with fears it could even reach triple-digits, as it already has for some products such as jewellery. Also, unlike most other countries, this soaring inflation had already been triggered prior to the energy crisis arising from th...
