Report description:

Hot drinks players are navigating a challenging situation in 2022. Just as the recovery from the pandemic looked to be underway, other challenges have emerged. First, as with many other countries, high inflation and rising costs of materials are driving up unit prices. In Spain, inflation has reached double digits, with the rate of inflation reaching 10.8% in July 2022. Moreover, the high cost of primary materials, transport and electricity has meant rising production costs for players. The chal...
