Report description:

Processed meat, seafood and alternatives to meat is registering marginal retail volume growth in 2022, but these products are making a comeback after the 2021 decline as demand patterns stabilise after the COVID-19 pandemic. Rising prices are stifling sales recovery due to the war in Ukraine and as a result of rampant inflation. Prices have risen in almost all product categories, but especially categories with a large proportion of imports such as processed meat, seafood and alternatives to meat...
