Report description:

Rice, pasta and noodles are expected to register an increase in current value sales in 2022, though retail volume growth is expected to be more muted. However, unlike many other countries, Bolivia is not experiencing high inflation as a result of the energy crisis stemming from the war in Ukraine. This is because booming oil prices have protected the economy somewhat. All the same, with Russia and Ukraine together exporting more than a quarter of the world's wheat, this is leading to significant...
