Report description:

According to some observers, retail volume sales of instant noodles (cups and pouches) could have been 10-15% higher during 2022. However, the potential market size was affected by insufficient stocks in retail stores, partly due to disruptions to logistics chains, despite instant noodle-producing factories in Hungary. Moreover, supply shortages, higher energy and fertiliser prices, blocked logistic routes due to the War in Ukraine and extreme weather conditions all informed high increases in un...
