### **Report description:**

Staple foods has witnessed a dynamic couple of years in France since the start of the COVID-19 pandemic in 2020. Demand for staple foods through the retail channel grew strongly in 2020 following the outbreak of COVID-19 as consumers were forced to stay at home and foodservice outlets were closed. This was followed by a period of stabilisation in 2021 as foodservice sales started to recover and demand shifted away from the retail channel, albeit premium products performed well as consumers sought...
