- Multiple User License (Global) €2475.00

### **Report description:**

Demand for vitamins during the pandemic was supported by consumers looking to enhance their immune systems and maintain general good health, while retailers looked to stock up as a contingency for additional disruptions in the supply chain, a trend that has been affecting several industries in Australia. Demand for the category, driven by single vitamins, started to notably decline in 2021, due to restrictions on international travellers and overseas students, while daigou traders and small expo...

Euromonitor International's Vitamins in Australia report offers a comprehensive guide to the size and shape of the market at a national level.
