Report description:

The dishwashers category in Brazil is set to continue to present double-digit growth in both retail current value and volume terms in 2022, although growth rates are expected to show some deceleration in comparison with 2021. It is usually high-income consumers who own a freestanding or built-in dishwasher, as the prices of such products can be prohibitive to more than half of the population. Besides, this category has a low penetration rate in Brazilian households, reaching only a low single-di...
