## Report description:

Gum continues to face challenges in 2022, following a further fall in popularity during the era of the COVID-19 pandemic, when home seclusion diktats and the wearing of face masks in public placing overall downwards pressure on sales. Gum is very much an impulse purchase and often chewed by consumers when they wish to freshen their breath in public environments, as such it is clear why the event of the pandemic had a negative effect on demand. While pandemic restrictions have since lifted, howev...

Euromonitor International's Gum in Switzerland report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
