Report description:

Writing instruments is seeing only moderate growth in retail volume terms in 2022 with sales remaining below pre-COVID-19 levels. Demand is being negatively impacted by the significant increase in the prices of writing instruments, and the generally high rate of inflation which is having a negative impact on consumers' disposable income. Many consumers are trying to reduce their non-essential purchases and as such are less likely to buy colouring, pens or pencils or to choose cheaper options whe...
