Report description:

Consumers are increasingly aware the nutritional benefits of other plant-based hot drinks, as they believe cereals help to reduce cholesterol. Moreover, other plant-based hot drinks are perceived to provide a more convenient consumption option, compared with hot cereals, which can require the addition of boiling water or milk. As a result, other plant-based hot drinks is set to continue to see the fastest retail volume growth, as well as strong retail current value growth, over 2022.
