Report description:

Bottled water is highly dependent on the performance of carbonated bottled water since still bottled water is less developed in Bosnia and Herzegovina due to the high quality of tap water. The health and wellness trend has been benefiting bottled water in recent years as many consumers have been migrating from other products areas such as carbonates in a bid to become healthier. The COVID-19 health crisis intensified this trend as more consumers have been made to question their overall health an...

Euromonitor International's Bottled Water in Bosnia and Herzegovina report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (2017-2021), allowing you to identify the sectors driving growth.
