### **Report description:**

Reduced sugar carbonates remains a small category in carbonates in Algeria; however, it recorded the highest volume growth in 2022, a clear indication that the health and wellness trend has started to have a major influence on consumer demand. Consumer awareness of the harmful effects of sugar, caffeine and other artificial ingredients is increasing in the country, although the leading brands in carbonates have not yet begun to focus their marketing campaigns on such issues.

Euromonitor International's Carbonates in Algeria report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (2017-2021), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they legislative, distribution, packaging or pricing issues. Forecasts to 2026 illustrate how the market is set to change.

Product coverage: Cola Carbonates, Non-Cola Carbonates, Reduced Sugar Carbonates, Regular Carbonates.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
