Report description:

In 2022, fruit is set to see just slight total volume growth, mainly as a result of the impact of COVID-19. Due to strict lockdown policies across the country, foodservice volume sales are expected to fall significantly. Meanwhile, not all of this loss is expected to shift to retail, as a proportion of fruit in foodservice is used by tea shops to make fruit tea, which is not easy to make at home. Nevertheless, both retail volume and value are set to register strong growth thanks to the increasin...
