Report description:

Hot drinks volume sales have gained momentum in 2022 despite the impact of rising unit prices. In fact, retail volume sales witnessed its best annual performance of the review period as consumer lifestyles shifted back to greater normality post-pandemic. Meanwhile, higher prices led to double-digit growth in current value sales. The significant increase in energy and food costs has driven up unit prices as manufacturers were unable to absorb the sharp rise in supply chain costs. The low retail v...
