Report description:

In 2022, South Africa has recorded one of the highest levels of food inflation that the country has seen for many years. This has forced many consumers to reduce expenditure on non-essential items due to the lack of disposable incomes. Furthermore, this has directly contributed to consumers not spending their money on jewellery, as food prices, electricity, mortgage rates, and the overall cost of living in South Africa has increased over the year. As a result, demand for jewellery continues to d...

Euromonitor International's Jewellery in South Africa report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (2017-2021), allowing you to identify the sectors driving growth.
