Report description:

Demand for large cooking appliances in the United Arab Emirates continues to improve in 2022 as a result of increasing availability of different brands. Partly due to a fast-growing expatriate population and low import taxes, volume sales of large cooking appliances are experiencing a second consecutive year of positive growth following several years of decline. Furthermore, improving disposable incomes and rising living standards are two key factors contributing to the increasing demand for lar...

Euromonitor International's Large Cooking Appliances in United Arab Emirates report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2017-2021, allowing you to identify the sectors driving growth.
