Report description:

Nuts is recording positive volume growth across all channels in 2022 as foodservice continues to recover and consumption at home is on the up thanks to demand for healthy snacks and a return to social activities and gatherings with family and friends. Health trends are pushing Spanish consumers to opt for unprocessed nuts and organic options. Inflation and soaring costs in transportation are prompting producers to work locally in order to maintain competitive pricing, which aligns well with curr...

Euromonitor International's Nuts in Spain report offers a comprehensive guide to the size and shape of the market at a national level.
