### **Report description:**

As with other areas of staple foods, demand for processed fruit and vegetables has been supported by the continuing high level of cooking and eating at home in 2022. The year has seen the number of confirmed positive cases surge, resulting in continuing home seclusion and mandatory home quarantines, and more working and studying at home, all of which have served to maintain a high level of cooking at home. Concerns about exposure to the SARS-CoV-2 virus while visiting physical stores and the fea...
