### **Report description:**

Local consumers are expected to spend more on refrigeration appliances as the country returns to a greater level of normality post-pandemic. Value growth is expected to further increase due to changing lifestyles and new trends in the United Arab Emirates. This includes increasing demand for refrigeration appliances with higher storage capacity, from 400 litres and above, as they enable consumers to stock up on fresh or frozen groceries. In particular, this is leading to further share gain for f...
