Report description:

The very strong volume growth that was recorded in coffee machines during 2020 and 2021 slowed down dramatically during 2022 as the enthusiasm for brewing high-quality espresso coffee at home that emerged from the COVID-19 pandemic cooled off significantly over the course of the year. Central to this trend was the return to working in the office on a daily basis among the Czech Republic's white-collar professionals, office workers and service industry personnel. At the peak of the pandemic, many...
