Report description:

The war in Ukraine is having a negative impact, with the resultant energy crisis leading to soaring inflation and dampening volume sales. As a result, while soft drinks are expected to register an increase in current value sales, retail volume sales are expected to fall. Disruptions to supplies are also leading to difficulties. In particular, price rises are having a serious impact on energy drinks. The reason being that energy drinks are mainly consumed by younger people, and they in general ar...
