Report description:

Although inflation, driven by supply and sourcing issues caused by global crises, remains a concern, consumers in the United Arab Emirates are benefiting from the long term planning and vision of the leadership in securing favourable trade deals for local food security. These deals, combined with regional security, have ensured the steady supply of essential vegetables. Several modern trade channels now provide packaged cut vegetables in portion pack sizes, in addition to whole vegetables in pac...

Euromonitor International's Vegetables in United Arab Emirates report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data in volume terms 2017-2021, allowing you to identify the sectors driving growth.
