Report description:

Alcoholic drinks was not performing particularly well in France prior to the arrival of COVID-19 in 2020, with beer and spirits the only categories posting positive total volume growth in 2019, and then only at very modest rates. Beer sales were being driven, to some extent, by the growing consumer interest in non-/low-alcohol beer, flavoured/mixed lager and craft beer in recent years.

Euromonitor International's Alcoholic Drinks Packaging in France report offers insight into key trends and developments driving packaging across the category. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.

Product coverage: Beer, Cider/Perry, RTDs, Spirits, Wine.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
