Report description:

Having exhibited double-digit growth rates over the review period, the rate of growth in retail value sales of baked goods is set to slow significantly in 2022. The strong growth in value sales during 2020 and 2021 was largely due to external pressures that affected wheat supply. Unpackaged leavened bread accounts for the largest share of baked goods sales in the Dominican Republic, and the local government has taken measures to ensure that retail prices do not exceed the consumer budget. Unpack...
