Report description:

There was a slight increase in demand for confectionery packaging unit volumes in 2021, but it was slower than the decline seen a year earlier in 2020. Confectionery consumption was impacted by consumers spending more time at home due to COVID-19 in 2020, thereby reducing levels of on-the-go/impulse purchases, while rising consumer awareness of health and wellness is also a negative factor for this category's products. Awareness of the health risks associated with high levels of sugar consumptio...
