Report description:

COVID-19 resulted in a sharp acceleration in demand for processed fruit and vegetables packaging during 2020, as consumers spent more time at home and prepared and ate more meals and snacks there. In particular, demand for shelf stable vegetables packaging and shelf stable beans packaging was boosted by the pandemic. With many local consumers making fewer grocery shopping trips as a result of the pandemic, shelf stable vegetables were a convenient substitute for fresh vegetables. Beans are a key...
