Report description:

Unit volume sales of processed fruit and vegetables packaging rose at their fastest rate in almost a decade during 2020. COVID-19 led many local consumers to stock up, and processed fruit and vegetables were particularly popular in this regard due to their long shelf life. Shelf stable fruit and vegetables dominate retail volume sales of processed fruit and vegetables in South Africa, with 99% of these products packaged in metal food cans. This overwhelming preference for metal food cans is part...
