Report description:

Inflationary pressures and high prices have had a significant impact on meat production in recent years as many producers have struggled to source raw materials affordably due to supply chain constraints and higher costs associated with inputs that are often imported. Consequently, the government has taken measures to alleviate this burden by applying zero tariffs to many imported items included in the basic basket of goods. This is a temporary measure intended to bring some relief to the countr...

Euromonitor International's Processed Meat, Seafood and Alternatives to Meat in Dominican Republic report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
