Report description:

In 2022, retail volume sales of rice, pasta and noodles continue to decline. This comes after a year of exceptionally high growth during 2020 when restrictions on movement led to local consumers eating more meals at home. It was inevitable that demand growth would slow significantly when these restrictions were eased in 2021, and this trend continues in 2022 as consumers resume pre-pandemic lifestyles. On the other hand, retail value sales of rice, pasta and noodles are set to record a strong in...
