### **Report description:**

There was a modest acceleration in the rate of unit volume growth in sauces, dressings and condiments packaging during 2020. With South Africa enforcing one of the strictest lockdowns in the world in an effort to curb the spread of COVID-19, many people spent more time at home, which led to the preparation of more home-cooked meals. Home cooking was also boosted by the economic shock of the pandemic - which was particularly severe in South Africa - as fewer local consumers could afford to order...

Euromonitor International's Sauces, Dressings and Condiments Packaging in South Africa report offers insight into key trends and developments driving packaging across the category. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.
