Report description:

As consumers were socialising more with friends and family in 2021, compared with 2020, when COVID-19 restrictions were preventing this for extended periods, seasonal chocolate saw a strong rebound, posting positive unit volume growth in 2021. This benefited the unit volumes of flexible plastic, folding cartons, aluminium foil, metal tins, other plastic trays and other rigid containers used in the packaging of seasonal chocolate in 2021.

Euromonitor International's Confectionery Packaging in Canada report offers insight into key trends and developments driving packaging across the category. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.

Product coverage: Chocolate Confectionery, Gum, Sugar Confectionery.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
