Report description:

While the impact of the COVID-19 pandemic was positive for many packaged food categories, this did not apply to confectionery as sales in the category came under massive pressure during 2020, which was continuing into 2021. The main reason for this is that most local consumers resolved to take a strict approach to social distancing and home seclusion in an effort to avoid coming into contact with the COVID-19 virus and also to support efforts to bring the spread of the virus under control. This...
