### **Report description:**

As consumers had been spending more time at home during the pandemic, but were wearying of preparing their own meals or were still working, even if from home, and had less time for meal preparation, they were increasingly opting for frozen ready meals in 2021. This was particularly the case for better-off Turkish consumers who could afford to choose such ready meals. This was therefore increasing the packaging unit volumes of main pack type flexible plastic used in frozen ready meals in 2021, al...
