### **Report description:**

Womenswear registered double-digit value growth in 2022, but volume growth was much more muted. High inflation, caused by in particular increased fuel prices due to the war in Ukraine, has led to steep price rises. This is especially true for imported brands, which have also been impacted by currency devaluation and also certain restrictions on imports. However, local brands were also negatively affected as local cotton prices jumped to record levels, amid increased demand, and a decrease in glo...
