### **Report description:**

Headphones is set to register dynamic double-digit retail volume growth in 2022, outperforming all other consumer electronics categories. Growth is expected to be underpinned by further penetration of lower-income consumer groups, increasing product availability, as well as continued flexible working and e-learning needs at home under China's COVID-19 policies. The majority of absolute growth will continue to be driven by TWS earbuds, at the expense of wireless earphones, which is increasingly b...
