Report description:

Food and beverage macro trends have drastically evolved to bring about a wave of change, from where consumers shop and work, to how they eat. A significant increase in time spent at home has changed cooking and dining habits for many Australians as they gravitate towards meal solutions that are affordable without compromising on taste and quality. Post-pandemic, the concept of sustainability has evolved for Australians as they are more aware of the impact of their consumption choices on the welfa...

Euromonitor International's Processed Meat, Seafood and Alternatives to Meat in Australia report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
